#### How to Select your Costume Sizes

Take the following measurements and compare with our size chart

**Bust - Measure around the fullest part of the chest**

**Waist - Measure around the narrowest point of the waist**

**Hip - Measure around the fullest part of the hip**

**Inseam - Measure down the inside of the leg from the crotch to the ankle bone**

**Girth - Place a tape measure at the centre of the right shoulder, run through the crotch and back to the right shoulder loosely. The girth is the most important measurement. When in doubt, let the girth measurement determine size.**
